Address to the Graduates - Given on January 10, 1993.
By Sister Jean Marie Amore, Academic Dean

On behalf of the faculty and administration of St. Joseph's College, I congratulate the Class of 1993. For each graduate, who has uniquely arrived at the point of completion of a baccalaureate degree, it is time to celebrate the fulfillment of an important accomplishment in life.

We have recently celebrated Hanukkah and Christmas. Both the story of Christmas and the Hanukkah symbol with the words "A great miracle happened here" spoke to the hope and expectation within each spiritual person. And yet, we all, I am sure, had "Somalia holidays." That is, holidays moved by haunting images of starving children, as well as by poignant media coverage of local and national tragedies, and international anarchy and warfare.

These images, in their very power, oversimplify and even mislead. We might, understandably, conclude that famine and violence are permanent scourges about which little can be done. And if this be the mindset, then the enemy is not just famine, but fatalism as well.

The compelling message, today, for you, the graduates, is found not in the events that make history, but in the people who make history. The year 1992 had its examples. We honored Clara Hale, Founder of Hale House in the Bronx, which has cared for hundreds of drug-addicted babies; in Germany, thousands of ordinary citizens took to the streets to protest racism and violence against foreigners; President Roh of South Korea showed integrity and courage in moving his nation toward democracy and free elections despite cost to himself. The people of relief organizations such as Red Cross, Doctors Without Borders, and CARE kept millions alive and have been beacons to our besieged humanity. UNICEF reported that more progress has been made in developing countries in the past 50 years than in the previous 2,000.

These are the messages of hope. To put meaning into a single life represents the basic form of energy in society. It is also the test of individual responsibility.

1993 has been labeled the beginning of a new decade - faced with the challenge to articulate a new criteria for human intervention to address the chaos and turmoil not only in the world, but in the lives of so many people. Our mistake will be to rely on politics to establish a new and better world order rather than to understand that how we behave toward one another - person to person, country to country, will ultimately not be decided by governments so much as by the personal commitment of each of us to live persistently faithful to our vision, reason, and convictions. It is the way to live our personal lives that will redeem the public realm, not the other way around.

Our wish for you then, Class of 1993, is that you will share your God-given gifts with the whole human family and that you will know peace and live it, and have happiness and share it. God bless you.

Basketball great *Larry Bird* retired from the Boston Celtics after a 13-year career. "When I played, I played as hard as I could. That's what I want to be remembered for."

With sales of millions of albums, the hard-driving rock band *Guns N' Roses* was a heavy-metal phenomenon. But the group had a tendency to get a little rowdy during their concerts. At one such event in St. Louis, 40 concert-goers and 25 police officers were injured in a melee that erupted after the singer Axl Rose leaped from the stage to take a camera from a fan and then angrily stormed off, abruptly ending the show. He was arrested in July, 1992, and charged with four misdemeanor assault counts. The group's latest single, *November Rain*, was at the top of the charts in September.

Hurricane Andrew carved its way through the Bahamas and hit south Florida with a powerhouse intensity before moving into Louisiana. The hurricane's 54-hour rampage, the most expensive natural disaster ever to hit this country, left an estimated 180,000 homeless in Florida alone. At least 51 deaths were directly attributed to the storm - 41 in Florida and 10 in Louisiana. The amount of damage was estimated at \$20 billion in Florida and nearly \$2 billion in Louisiana.

Continued on page 10

When Rodney King was stopped by police on a Los Angeles freeway, police say he resisted them and was beaten. Someone videotaped the melee and released the tape to local television stations. It received national attention, and four white officers were charged in the beating of King, who was black. But when a jury found them innocent of any wrong-doing, three days of *rioting hits Los Angeles*. When it ended, 52 people were dead, 2,383 were injured, 18,807 were arrested, and the amount of property damage was estimated at \$785 million.

FLASHBACK

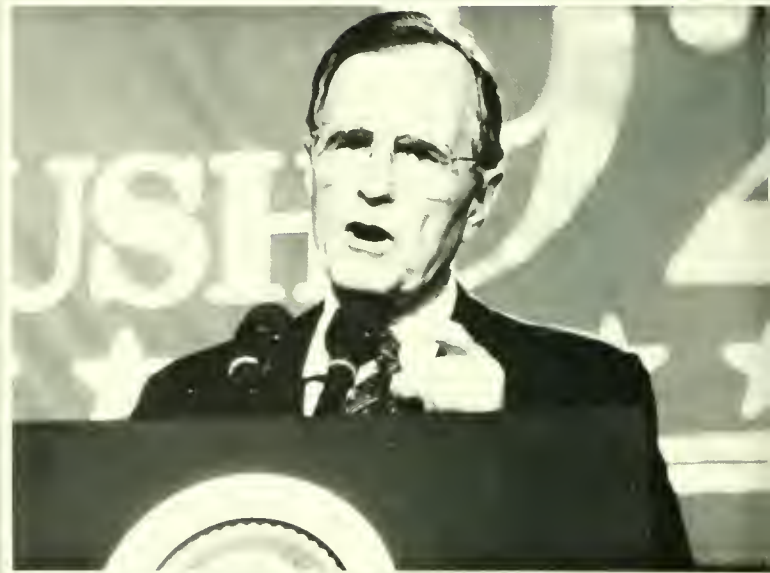

Barcelona, Spain, hosted the *Summer Olympics* in 1992 and it proved to be a bonanza for the United States — a total of 108 medals. Carl Lewis won two gold medals this time, one for the long jump and one in the 400-meter relay. And in diving, Mary Ellen Clark wins the bronze from the 10 meter platform.

Presidential Politics — Arkansas Gov. Bill Clinton and Tennessee Sen. Al Gore as his running mate.

George Bush was born on June 12, 1924. After service in the Navy during World War II, Mr. Bush first went into the oil business and then went into politics. He became vice president under Ronald Reagan in 1980. After eight years in that job, he ran for president in 1988 and won.

The wives of the Democratic candidates, Hillary Clinton and Tipper Gore, were very active in the campaign — Mrs. Clinton, a tough-minded lawyer, and Tipper Gore, a crusader to for warning labels on albums with explicit lyrics.

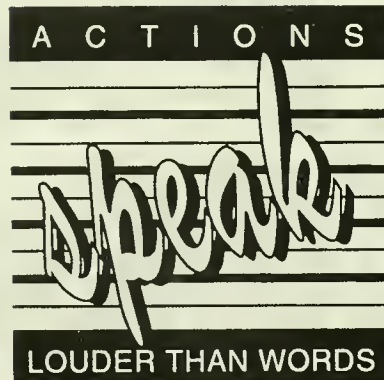

America needs to *recycle*. And America also needs to use recycled products. Recycling has produced vast supplies of paper, glass and other reusable trash, but not enough demand.

The U.S. Marines arrived in Somalia on December 9, 1992. The starving African country was ravaged by famine and widespread looting of food from international relief agencies. The Marines offered a security force to insure safe food distribution.

At noon on January 20, William Jefferson Clinton took the oath of office and became the 42nd president of the United States. As cannons thundered in salute, George Herbert Walker Bush surrendered power and stepped into history.
